## **Figure Drawing Code of Conduct**

---

*Professionalism is expected of all students at all times in their behavior toward figure models.*

DO NOT invade the model's personal space.

DO NOT ask the model personal questions such as their last name, where they live, etc. and do not ask them out on a date.

DO NOT photograph the model. The use of cameras (including cell phone cameras) and photography is NOT permitted in studios using figure models unless the figure model has granted written permission in advance. Ask your instructor if the model allows photos.

DO NOT chat with the model when they're modeling. Conversation is distracting for the model and your fellow artists.

DO NOT make comments about the model's body.

DO discuss concerns related to the figure modeling session with the instructor privately. Such concerns might include the figure model's inability to hold a pose, excessive breaks taken by the figure model, or students being rude or not working while the figure model is posing.

DO make sure the model is warm and as comfortable as possible.

DO maintain friendly and polite interactions with figure models while on break. Figure models may want to look at student work to assist them in their posing.

DO thank your model profusely for participating in the art making process.
